

## Cars for Stars Limited

- *Chauffeur Driven Cars*
- *Limousine Hire*
- *People Carriers*

If you are looking for a company that places a great emphasis on delivery, customer care and satisfaction, then you have described the values and qualities of Cars for Stars Limited.

We operate a fleet of modern cars, which are well maintained and immaculate in their presentation, as are our chauffeurs who have the added qualities of maturity, experience and discretion.

We recognise the need to be flexible in our approach and our service options, therefore we will not ask you to select from menu pricing that assumes one size fits all!

We appreciate that whether you are arranging business travel, organising an event or preparing for a celebration, we need to cut our cloth to suit your individual requirements.

### Our Chauffeurs

Unlike our vehicles, our chauffeurs are mature and experienced. They are at least 30 years of age and have no less than 10 years driving experience. You can expect them to arrive immaculately turned out and they will have your comfort, safety and pleasure as their personal responsibility.

Our chauffeurs consider their career choice to be a vocation, not a job and that will be reflected in the level of service and courtesy you receive.

### What Next?

Talk to us! Once you have perused our website at your leisure we can provide you with a quotation.

This has to be a truly personal experience, irrespective of whether your need is business or private.

We know our business, we know what makes a great day, we know our cars and we know our chauffeurs. So tell us what your requirements are or what experience you would like and we will tailor a package just for you!

## Business Travel

At Cars for Stars our experience ensures that your business travel arrangements proceed to plan. We take the time to ensure that we fully understand your needs and direct our efforts to meeting them. We service most of the major international airports in the UK and will provide chauffeur driven cars or limousines to virtually any major UK city.

## Corporate Events

With a range of different vehicles, we aim to be your first choice for corporate events, irrespective of whether you require transportation for your clients, or a solution to your corporate needs. Our fleet includes stretched limousines, luxury Mercedes saloons such as the long wheel base Mercedes S500L, Bentley Arnage and of course the luxurious and versatile Mercedes V280 people carrier.

## VIP Transfers

Most television companies and producers consider experience and above all, total discretion as essential ingredients when transporting a celebrity VIP. It goes without saying that as far as we are concerned, all of our clients are VIP's.

Our chauffeurs are experienced and discreet; moreover they will not be star struck. Their aim is to extend the same level of professionalism, courtesy and service to all of our clients.

## Contract Chauffeur Cars

Many companies that require regular chauffeur driven transport for their executives and important clients, have opted to own the vehicle and employ the chauffeur. This represents a considerable investment in capital as well as the need to have relief chauffeurs. Cars for Stars will tailor a package to suit the client on a retained basis; this will ensure the client has the benefit of a chauffeur driven car when they need it, without the capital expense and employment issues.

## Sporting Events

Travel to and from sporting events, be it for business or corporate entertainment, can be frustrating and often unpredictable when relying on some forms of transport.

Our stretched limousines can take up to 8 passengers and is often less expensive than 8 individuals travelling separately by car or public transport.

## Our Cars

Most clients expect to be collected in a modern and immaculate limousine or car, but some find the reality can be somewhat different. We have invested substantially on an ongoing basis to ensure that our clients always receive an immaculate, modern executive car or limousine. In addition, our vehicles are highly equipped as is expected of the luxury marques that form our fleet.

## Black Stretched Limousine

A favourite amongst our business clients is a stunning black stretched limousine. This vehicle is perfect for occasions when a white limousine may appear too 'ostentatious', or ideal for arriving in something different. It comes with a bar, one way tinted glass, TV, DVD, in-car entertainment and a custom designed and built interior, truly unique!

## Bentley Arnage

For a truly luxurious experience, consider our Bentley Arnage to transport you in comfort and style.
